RIDGEMONT FAMILY CARE

Who We Are

RFC is a community-based residential program committed to providing a safe, healthy, supportive and person-centered care to individuals seeking to maximize their potential as contributing members of their communities.

We are care givers you can trust. We understand that no one care plan fits all. Therefore, our experienced supportive care givers provide person-centered services that fit the specific needs of the individual.

Our Core Values

- Honesty and Fairness
- Integrity
- Professionalism
- Respect for Diversity
- Person-centered Services

Our Vision

RFC seeks to become the first stop for families and individuals seeking a community-based home-away-from-home in their bid to re-integrate into their communities.

Our Service Goals

Offer an array of home and community based activities where individuals can discover what's important to them.

Develop individualized Service Plans, which target the individual's needs, skills, strengths and preferences.

Assist and support individuals with the necessary skills to access community resources and develop relationships within the community.

Support and educate individuals in discovering what their needs are in order to maintain health and safety.

Employ well trained and an experienced team of staff to meet the physical, emotional, and psychological needs of individuals receiving services.
